

Bowen Challenge Sportfishing Competition 2011

The Bowen Challenge Sportfishing Competition will be held again this year however the dates have reverted back to the original dates of the first weekend in December. The dates will be the 3rd and 4th of December 2011.

This is very friendly competition run by the Collinsville Sportfishing Club assisted by the other ANSA Qld clubs in the Coral Coast Zone. The competition is held towards the end of the year when pelagic species are present in the area such as Tuna, Trevally, Queenfish and Mackerel etc. The competition has been slowly growing over the past few years. It is a great opportunity to catch up with old and new friends. There is ample room at the polocrosse grounds to camp but if you wish to live in a little more luxurious accommodations there are several Motels and Caravan parks within the town and beach areas. There is a very reliable taxi service that operates in the town area that can ferry you from your accommodation to the polocrosse grounds to attend the social activities that the club has planned.

I would like extend an invitation to all the people who have attended in the past and to encourage people that have not experienced this very enjoyable competition to please attend. If you would like to travel from destinations of any distances Bowen is wonderful place to visit and the fishing is great so can I suggest that you extend your visit and stay within the region for a few days or weeks prior or after the competition.
