3. Get to know what the eligible species look like before you get on the water
4. Read through the [step by step guide](#) to know the fish capture details you might need for submission.

## When Fishing

1. Catch the fish!!
2. Take a photo of you with the fish and your Alvey. – Selfies are fine!
3. Take a photo of the fish laying flat and straight on a measure so that the caudal measurement is easily seen. Remember to place the competition ID Token Number in view in the photo.
